

## U. S. Civilian Aid Program Abroad Tops 15-Billion Mark

By JAMES MARLOW  
WASHINGTON, April 24 — The country has poured billions of dollars into civilian aid for other nations since World War II ended.

Since the fighting stopped in the summer of 1945 this government has poured billions of dollars into civilian aid for other nations since World War II ended.

It doesn't mean money, or goods worth money, just shoveling out. Some will be paid back. Some won't. Much we never expected to get back.

But that \$15,560,700,000 means money spent, or money loaned,

or money value of goods given, for civilian aid only.

It does not include military help, such as surplus United States military equipment. That would make the total billions of dollars higher.

The civilian relief figures given here were prepared by the government's Budget bureau. They were made public by Senator Byrd, Virginia Democrat.

Here they are:

1. Loan to Britain—\$3,750,000,000. This is to be repaid in 50 years. It is to help the British get back on their economic feet.
2. Direct assistance to civil-

ians from military supplies—\$842,000,000. This probably can be written off.

It included food, clothing and fuel from U. S. military supplies, mainly in Europe for civilians left in urgent need in the wake of armies.

3. Government relief in occupied areas—\$1,450,000,000. We hope to get some back.
4. Export-Import bank loans—\$2,011,700,000. These loans are to be repaid within 30 years.

The bank is a government agency. It makes loans to foreign countries to help build their trade and build things like steel mills which, in turn, will help our trade.

5. Surplus property transfer—\$1,030,000,000. This is money owed us. We hope to collect.
6. Lend-lease aid after the

war—\$1,848,000,000. We're expecting repayment of this money.

It represents the value of lend-lease goods which we had sent to other countries and which they had on hand after the war, when lend-lease stopped.

7. Ship sales—\$107,000,000. This is money owed us, or to be owed us, for ships sold to other countries, or authorized to be sold, by the U. S. Maritime commission.
8. Aid to the Philippines—\$995,000,000. Only \$75,000,000 of this amount—a loan to stabilize Philippine currency—is to be repaid.

The rest includes the value of surplus property, war damage claims by Philippines civilians, and money for road repairs, and so on.

9. Aid through international organizations, such as UNRRA (United Nations Relief and Rehabilitation administration)—\$2,617,000,000.
10. Post war UNRRA relief (pending)—\$350,000,000. With UNRRA itself folding up now, congress is getting ready to vote \$350,000,000 for continued relief

in selected countries.

11. International bank—\$635,000,000. We've put that much into the bank. It's our share. Other member-countries of the bank have put in their share.
12. International refugee organization (pending)—\$75,000,000.

Congress now is considering voting that much money to help —as part of the United Nations work—war refugees in displaced persons' camps.

13. Aid to Greece (pending)—\$150,000,000.

Congress is going to approve \$400,000,000 aid for Greece and Turkey to stop Communism.

But only \$150,000,000 of it will go for civilian relief. That will be in Greece. The other \$250,000,000 will be for military aid to Greece and Turkey.

(We've also put \$2,750,000,000 into the international monetary fund but Budget bureau experts say of this:

It should not be considered money for civilian relief since it will be used to help stabilize other nation's money systems. It is to be repaid.)

## MOSCOW PARLEY ENDS IN DISAGREEMENT

### LEWIS GIVES \$100,000 TO PHONE UNION

### U. M. W. Chieftain Supports Telephone Workers In 18-Day Walkout

WASHINGTON, April 24 — John L. Lewis, AFL United Mine Workers today turned over \$100,000 to bolster an independent union's 18-day-old nationwide telephone workers' strike.

The UMW contribution was presented to telephone strike leaders shortly after the UMW received a refund of \$2,800,000 from a \$3,500,000 fine imposed on the miners for disobeying a court order against a work stoppage of their own last fall.

C. A. Werkau, strike director for the National Federation of Telephone Workers, announced the money will be used to carry on the NFW strike "to a successful conclusion" and to aid needy strikers.

Less than an hour after Federal District Judge T. Alan Goldsborough refunded the \$2,800,000 UMW officials arrived at telephone strike headquarters with a check for the \$100,000 to help support the cross-country tieup.

The striking National Federation of Telephone Workers has accepted an invitation from Edgar L. Warren, federal conciliation director, to renewed bargaining talks with three strategic units in the Bell system.

The only immediate acceptance by the other side came from the Southern Bell Telephone Co. and the long line division of the American Telephone and Telegraph Co. said they would think it over.

Between them the three units employ about 93,000 of the 340,000 workers made idle by the union walkout April 7 to enforce new contract demands including a \$12 a week pay hike.

Complaints by telephone company officials that lines have been cut were heard in Tennessee, Mississippi, Kentucky, California, South Carolina, Michigan and Wisconsin.

Rebonds of \$1,000 for the construction of saboteurs were posted.

### Real Estate Tax Collection Shown

The current real estate tax collection in Salem of \$177,378.70 in the city, township and school district, represents better than half of the \$319,319.68 charge on the tax duplicate including \$31,935.87 in delinquent taxes and \$9,044.53 in special assessments, according to County Treasurer Vincent C. Judge.

On the basis of a rate of \$18.00 per thousand, and real estate valuation of \$13,909,500 and public utility valuation of \$1,505,460, the charge against property owners in Salem and Perry township for the year is: County, \$33,952.36; Perry township, \$1,541.51; school district, \$144,900.62; and the city \$77,074.80, he declared.

Of the total delinquent taxes in Salem \$22,251.51 is on regular taxes while \$9,884.36 is due on special assessments, the delinquency representing 8.6 per cent of the total.

The delinquent parcels total 727, 412 of which have improvements, and 313 parcels are under contract for payment of delinquencies, bringing in approximately \$2,500 per year in revenue, Judge said.

### Atty. Haefner, Youngstown Killed By Farm Tractor

YOUNGSTOWN, April 24—Injuries received when his tractor overturned on him at his farm near North Jackson were fatal last night to Attorney Earl D. Haefner of Youngstown.

Coroner David A. Belinky said the attorney was driving the tractor over a ravine when it upset, hitting him in the chest. He managed to free himself and made his way back to the farmhouse about one-quarter of a mile away.

He called the telephone operator, who summoned an ambulance. Haefner died as he was being admitted to the hospital.

### 4 CONCERTS ARE ASSURED

### Artists Are Chosen After Successful Association Drive Closes

A series of four concerts, featuring outstanding musical artists, has been arranged for the fall and spring of 1947 and 1948 by the Northern Columbiana County Concert association, following completion of the membership drive here.

The artists to appear here, as announced by Association President Walter B. Null, are as follows:

Donald Dame, Metropolitan opera tenor and featured soloist on the "Album of Familiar Music" radio program heard each Sunday night.

Whittemore and Lowe, duo-pianists, well-known for their excellent two piano arrangements of both classic and popular music.

The Bary ensemble, composed of five sisters, who present a diversified program of solos, duets, trios and ensemble numbers.

The DePaur Infantry chorus, an ex G. I. group made up of 36 Negro voices.

Dates To Be Set

The artists will appear here in the order given. Dates for the concerts will be announced later, at which time tickets will be mailed to all those holding membership in the association.

No more association memberships are available. Null said, since the entire Salem High school auditorium has been sold out. Nine hundred memberships were sold and many persons were turned down following the deadline.

Null expressed his appreciation for the cooperation of officers, directors, team captains and workers for their efforts "in making this newest civic program one that Salem and the surrounding community will be proud to be part of."

### 'Buyer's Strike' Signalizes Start Of Construction Boom

(By Associated Press)  
NEW YORK, April 24 — New houses stand empty and unsold in many sections . . . plans for additional building are deferred . . . mortgage lenders trim their appraisals.

Analysts of the construction industry agreed today these conditions signal the arrival of a "buyer's strike" against high costs and that only the elimination or reduction of many high-price factors will permit the hoped-for boom in building to get under way.

Some softening of prices of building materials already is reported, as supplies overtake production.

On the other hand, new wage demands have been made by some building trades.

George W. Warnecke, New York building financier, said he believed that co-operation of industry and labor in an attack on cost factors could effect a 30 per cent reduction in the present price for construction.

He anticipates a duration of six months in the current slump in new building.

The national committee on housing, voluntary organization devoted to problems of housing and community planning, in its annual report this week described the situation this way:

"Sales housing is being priced out of its market. The \$10,000 or \$12,000 house is too expensive for veterans, others of modest means, and too small to suit the family that can afford that price. . . . Builders fear to build rental units at today's costs when those same units may have to compete five years from now with new units built at lower cost."

Aside from the housing field, post-poneements are reported in a number of industrial construction programs, both large and small.

A major syndicate of investors expressed belief that "there will be no abrupt building stoppage, as after World War I."

"Buying power is stronger now," it said. "People have more savings. They simply have stopped paying \$12,000 for a \$6,000 house built of inferior materials."

Lumber is receding from its high levels as supplies increase. "Yards are again soliciting business," one observer said, with prices in the New York area \$15 to \$20 a thousand and below the levels of two weeks ago for some grades.

Hardwood flooring quotations were reported around \$335-\$350 a thousand compared with \$325-\$400 paid under "black market" conditions.

Notable exceptions to the easing of prices are plumbing fixtures, cast iron and soil pipe and finished hardware. Brick is piling up in many yards for lack of buyers while ample supplies of block and trim work also were reported.

### Stakes Final Hope On Strange Diet

(By Associated Press)  
CANTON, April 24 — A 15-year-old boy in the last stages of cancer ignored his physicians' pessimism today and staked a final, desperate hope of prolonging his life on 40 pounds of grapes.

Told by his doctors he had less than a month to live, young Niles Berry of neighboring Robertsville was counting on a book that claims a diet of raw grapes will cure cancer.

The grapes were flown here from New York through help of the Junior Chamber of Commerce here and the American Cancer Society in New York. Touched by the boy's plight, the Junior Chamber ordered the grapes after the local supply was exhausted.

Johanna Brandt, a former missionary to South Africa, wrote "The Grape Cure" in which she claims to have cured herself on a grape diet and to have witnessed the cure of many others by that means.

His pelvis already infected, young Niles has grown perceptibly weaker in the last two weeks, and even after the grapes arrived his father, Lloyd Berry, had to guide the fruit to his lips.

Cancer already has struck down two members of the Berry family: In February, his mother died of cancer of the spine, and five years ago, his paternal grandmother, Mrs. E. R. Berry of Robertsville, died of the same disease.

### Alliance Police Arrest Salem Trio For Thefts

James E. Bailey, Edward Knox and an 18-year-old youth, all of Salem, were apprehended by Alliance police last night on charges of stealing parts from automobiles there.

Bailey and Knox were fined \$100 and costs each and had 30 day jail sentences suspended in municipal court in Alliance today.

The younger boy was turned over to juvenile court.

### Meters In Operation

### Forgetful Motorists Ticketed For Overtime Parking Today

Drivers with short memories had long faces today as police began rigid enforcement of the city's new parking meters.

In the first two and a half hours this morning, from 8 a. m. until 10:30, police had issued 24 parking tickets to forgetful motorists who had left their cars in parking spaces without sufficient coin deposits.

By noon the total had reached 41. Not everyone forgot about meter operation, however, for a large number of cars were legally parked, police said.

One obvious change in the parking situation was evident. No one experienced much difficulty finding a place to park in the downtown area.

Parking was considerably lessened on the E. State st. and S. Broadway sections, indicating that many all day parkers had found streets were not metered.

### 10 Days To Appear

The procedure on the parking tickets is a new one, police reminded motorists.

In case a person receives a ticket for overtime parking he has 10 days in which to appear in mayor's court for disposition of his case. If an appearance is not made within 10 days then a warrant is issued for the owner of the car ticketed.

The minimum fine for overtime parking is \$1. Mayor R. R. Johnson will handle the violations.

Use of the meters may still be confusing to some. For their benefit police gave these instructions:

Meters will register 12 minutes per penny up to one hour, but pennies will not register on the meter if an hour's time is already showing. To get the maximum of two hours a user must use a nickel for the second hour.

Limit on the parking time per place is two hours. Two nickels, or five pennies and a nickel will register the two hour maximum.

### Senate Committee Would Eliminate Politics From Department

(By Associated Press)  
COLUMBUS, April 24—The state senate liquor investigating committee today recommended changes in the state liquor department to assure permanency to personnel and to eliminate politics from operation of the enforcement division.

In a partial report, submitted to the senate by Committee Chairman Roscoe R. Walcutt (R-Franklin), the five-member group proposed immediate reorganization of the enforcement division modeled after the Ohio highway patrol and separation "from all other divisions of the department."

The enforcement division, under the committee proposals, would be one of six into which the committee said the liquor department should be divided for efficiency and "settled organization."

The report asserted that under the new divisions a "settled organization" would be able to carry on the work of the department without interruption during changes in administration.

The other divisions would be personnel, accounts, stores, purchasing and permits.

### Other Recommendations

Other major recommendations included:

That the liquor director's salary be increased from \$6,500 a year to \$9,000, plus traveling expenses.

That the members of the board of liquor control be increased from four to five with the requirement that one be an attorney with qualifications "at least equal to those required by statute for a judge of the common pleas court."

That salaries of board members be increased from \$4,500 to \$10,000 a year, plus traveling expenses.

That the board be required to publish annually a detailed report of "all phases of the activity of the department, the director and the board."

### OPA STAFF AWAITS DISMISSAL ORDER

WASHINGTON, April 24—OPA's death date set officially for June 1, estimated today that about 2,750 employees will receive dismissal notices in the next week.

An executive order by President Truman fixed the windup date for OPA and its two companion agencies in the office of Temporary Controls—the Civilian Production Administration and the Office of War Mobilization and Reconversion.

Most of the functions of the three wartime agencies will be transferred to other government offices on May 4 under the presidential directive issued yesterday.

### Five Persons Die In Home Blazes In Canton and Akron

CANTON, April 24 — A 35-year-old mother and two daughters died today when fire swept their frame home five miles west of here.

The woman's husband and five other children were saved in the blaze on the Canton-Massillon road.

Dead were Mrs. Maggie Capuano, Betty, 17, and Lena, 15.

Neighbors and members of the Perry township fire department helped to bring the woman's husband, Louis, 44, and the other children to safety.

A two-year-old baby was dropped to waiting arms from a second-story window and several members of the family were taken off the roof by ladders.

Firemen said the blaze apparently started in a kitchen. Mrs. Capuano's body was found in one bedroom and one of the daughters in another. The third victim was discovered in the bathroom.

AKRON, April 24 — Two persons were killed and two others burned critically when fire of undetermined origin gutted a home here.

The dead were Linda Sue Hathaway, 3, and William Reed, 71. The child's parents, Allan Hathaway, 26, and Mrs. Myrtle Hathaway, 21, are in critical condition.

Martin Collins, 48, is in a hospital with serious burns while three other persons were dismissed following first aid treatment.

### DR. COLVIN GIVES PROHIBITION TALK

The liquor traffic in its relation to politics was discussed by Dr. D. L. Colvin of New York City, in a prohibition lecture Wednesday evening in the Methodist church.

There are 173 passages in the Bible condemning strong drink, according to Dr. Colvin, and the woes against the drinker listed in Isaiah 28, formed the nucleus for his address.

Dr. Colvin is a prominent Methodist layman. He has spoken in every state, and in 90 of the 93 cities of over 100,000 population.

### MEET AGAIN IN LONDON IN NOVEMBER

### Four-Power Foreign Ministers Fail To Settle German Problems

By JOHN M. HIGHTOWER

MOSCOW, April 24—The four-power conference of foreign ministers in session since March 10, ended today in disagreement on all major German and Austrian issues.

U. S. Secretary of State Marshall expressed disappointment that the council had failed to reach agreement on the Austrian treaty and the American-proposed four-power pact to keep Germany disarmed.

The next meeting was set for London in November, but there was a possibility that the four foreign ministers might meet earlier in New York, during a session of the United Nations general assembly.

At last night's session, at which Marshall declared that an Austrian peace treaty remains uncompleted in September the United States would favor tossing the question into the lap of the United Nations, the ministers finally disposed of many long-debated issues blocking agreement on a peace treaty for Germany.

WASHINGTON, April 24—Secretary of State Marshall is expected to leave Moscow Friday morning by air and reach Washington late Saturday, the State department said today.

(A Moscow broadcast, recorded by the Soviet monitor in London, said the meeting of the Big Four foreign ministers had adjourned.)

Lincoln White, press officer for the State department, told reporters that Marshall will fly home by way of Paris.

White said the department has no specific information on who is returning with the secretary. He said it is assumed Marshall will return in the same special C-54 transport plane in which he and a group of advisers went to Moscow in early March.

### BOY, 5, IS HIT BY CAR ON HIGHWAY

Edward Erdle, five years old, was struck by a car driven by Steve Zawilinsky, 35, of Youngstown, two miles east of Poland on Route 224, at about 12:40 p. m. Wednesday, Salem state highway patrolmen said today.

The boy, who was on his way to get the mail from a rural delivery box, ran into the path of the car when a letter blew from his hands. He suffered a possible concussion and lacerations of the head. He was taken to St. Elizabeth hospital, Youngstown.

Loaded Truck Burns

A truck loaded with new furniture, operated by Robert Dekay, 32, of Jamestown, N. Y., burned at 2 p. m. Wednesday on Route 62, two miles south of Canfield, patrolmen said. A motorist stopped the driver and told him his truck was on fire but the blaze was too advanced to be stopped, patrolmen said. The complete load of furniture was destroyed. There was no estimate of the loss.

Merrill O. Wetzel, 39, of East Palestine, was fined \$15 and costs by Mayor Lloyd Culler of Washington yesterday for driving on the wrong side of the road.

## The Axe-Grinders

Contrary to a lie being circulated by ax-grinders with an ulterior purpose to serve, price inflation was not invented in the United States. It is thousands of years old.

Nor was price inflation unknown before the time of the enterprise-profit system which has given this country the highest material standard of living ever seen. That's another lie foisted on the foolish by persons with an ulterior purpose to serve. And while lies are being tagged, it's not true that the United States is having price inflation because certain persons who itched to control both prices and profits were separated involuntarily from their jobs in Washington.

These falsehoods and others are kept in circulation to give the existing American way of doing things a black eye. It is part of a systematic effort to keep Americans from thinking about the benefits they have derived, by keeping their attention on the problems of handling their own affairs. By their lies shall we know them—these persons who are always the first to cast discredit and the last to bestow credit.

Eventually, prices will go down. When that happens, the ax-grinders will sharpen the other blade of their double-bitted weapon; they will blame the American system for letting prices go down. That was their plaint during the depression—and the United States didn't invent depressions, either.

The ax-grinders, if asked, will recommend a switch-over to their system. One guess will be given each customer who doesn't know what the system is. Any customer who can't do it in one guess shouldn't be playing guessing games.

## Money Won't Be Enough

The decision to appropriate \$400,000,000 to help Greece and Turkey retain their identity as non-Russian states has been reached the hard way—by national soul-searching. The United States is accepting its postwar destiny realistically, even a little skeptically.

Those who have followed the debate know that the aid to Greece and Turkey is primarily to hold them open as bastions of Anglo-American seapower in the Mediterranean. They know that the so-called Truman doctrine subsequently is going to involve this government in the greatest game of power politics for the highest stakes ever played.

They know that money won't be enough, although the government has been willing to coast along with that impression. Eventually, the money will have to be backed up with manpower, materials, knowledge, moral and military commitments. The United States, which still assumes it can afford anything, will strain its resources to follow through on the course it has chosen. The strain may well be fatal unless it can pull itself together at home—an ever-present necessity which will become more and more important as time passes.

The real commitment is the obligation now upon this country to prove it is strong enough to achieve unilaterally a kind of international security founded on a balance of major powers. The Truman doctrine is intended to offset not only the Communist Internationale but Russian nationalism, the two most dynamic political factors of this generation. It is representative democracy's answer to the challenge they have presented.

## Budget Surgery

Outraged at the 47 percent cut in funds ordered for the Interior Department, Secretary Krug says the House appropriations committee recommendation would wreck the department, cause a tremendous setback in the nation's economy and perhaps start a major depression.

The merits of Mr. Krug's loud complaint can't be evaluated by the casual observer, but the committee, which is screening the budget requests, knows that the way to reduce government expenditures is to reduce them, not extemporize and finally grant grudging increases.

No non-military government agency has grown faster in recent years than the Interior Department. In 1932 it spent \$85,295,107. For 1948 it asks \$295,420,320. The committee believes it can get along with \$138,881,907 less. The principal cut will affect the Reclamation Bureau, yet Chairman Taber of the committee says the bureau will have \$141,000,000 for 1948, including the carryover of unexpended balances.

One of the items cut from Interior's appropriation was \$90,000 for the Bureau of Geographical Names. It is the job of this office to catalog place names, foreign and domestic, and ascertain the correct spelling and pronunciation. Just to pick out one at random, is that bureau really necessary, Mr. Krug?

## Common Objective

A sound suggestion about legislation to curb excesses of union power has been made by Senator Smith of New Jersey, who thinks Republican leadership in the Senate should confer with President Truman to learn what kind of a bill he would accept.

It is obvious that the President and the Republican majority in Congress have a common objective: They want legislation to curb excesses of union power. Mr. Truman does not want to be confronted with a bill that he would have to veto. The majority does not want to make an emergency of its determination to pass a bill adequate for the occasion. If a presidential veto were forced, it would put Mr. Truman back into the dilemma he was able to escape from after last November's election; he would be identified with the left wing of his party at a time when the middle-of-the-roads were dominant. It also would put the Republicans into position, as far as Mr. Truman is concerned, it would put them simultaneously into a position

sition of making a cause celebre of something that in 1947 should properly be handled as an anti-climax, and would be a backfire of their strategy of putting all reforms into an omnibus bill. There would be no new law at all.

The circumstances of an understanding between the Republicans in Congress and the Democrat in the White House are present. Senator Smith has made a good suggestion.

## The Stars Say

By GENEVIEVE KEMBLE

For Friday, April 25

A DAY of opportunity for important activities, in which employers, superiors and elders may be in a frame of mind to confer favors, advancement or other tokens of preferment.

However, a treacherous undercurrent of the sinister and subtle may so distort the viewpoint, possibly through suspicion and resentment against duplicity and betrayal, that cherished plans and objectives may be dashed to the point of devastation. Domestic, social and affectional relations seem in the balance.

## If It Is Your Birthday

Those whose birthday it is have the prospect of an opening for promotion, progress and the friendly intervention of employers, superiors and elders, yet underneath the surface there is a sinister and tricky undercurrent that may put in jeopardy the desired hopes and wishes.

Resentment, suspicion, erratic and false ideas may bring this unhappy and frustrated situation into the home, social and sentimental relations and aspirations. Restrained conduct may avert such disastrous crisis.

A child born on this day while being ambitious and well favored by higherups yet may be easily duped and victimized by vicious undercurrents. This affects its personal as well as business life and connections.

## GUARDING YOUR HEALTH

## Chronic Sinusitis Infection

By HERMAN N. BUNDESEN, M.D.  
WORRY is a bad habit and one which more and more doctors are coming to regard as a real health hazard.

I have told you in earlier articles of the part worry is thought to play in causing stomach ulcers and now, Dr. Leland G. Hunnicutt of Pasadena, lists it along with other bad habits such as excessive smoking, abuse of alcoholic beverages, over-eating and late hours, as a possible cause of chronic sinusitis.

Any of the things which may bring about changes in the lining membrane of the nose and dispose toward sinus infection are lack of vitamins and minerals, as well as certain glandular disturbances.

**Physical Examination**  
Therefore Dr. Hunnicutt believes that the first step in treating the person with chronic sinusitis is a careful physical examination to see if any such factors are contributing to his condition.

In treating the infection itself care must be taken not to injure the tissues of the nose. In the normal nose there is a covering of mucus over the lining membrane. This is gradually pushed toward the opening of the nose by the action of hair-like structures called cilia.

In planning the treatment of chronic sinus infection, nothing must be done which will interfere with the normal cleansing action of the cilia. For example, medicines used must contain no irritating chemicals, nor should they be either too acid or too alkaline as this also may interfere with the ciliary action.

**Symptoms of Infection**  
The symptoms of chronic sinus infection consist of a continued nasal discharge, sometimes headache, perhaps occasional slight fever and pain in the face. In order to make a definite diagnosis an X-ray examination is of help.

Dr. Hunnicutt says that before the examination of the nose is made the patient should go for a period

of about four days without using any medicine in the nose and without blowing the nose.

At the end of this time the lining membrane of the nose will have returned to normal so far as is possible, and the doctor is better able to tell exactly what conditions are present.

In children, surgical treatment of chronic sinus infection is usually not employed. Rather, infected material may be sucked out with a suction pump and the nose washed gently with solutions of salt and soda.

In adults, surgical treatment, such as straightening the nasal septum, may be employed to increase the drainage from the nose, to increase the air space and to get rid of damaged or diseased tissue. The use in the nose of sulfonamide drugs and penicillin as a rule is not of much value for chronic infections but helpful in the acute ones.

Letters to Dr. Bundesen should be addressed in care of 235 E. 45th st., New York City.

## Questions, Answers

Q—Do ships go through the Suez Canal under their own power?  
A—Yes, but steered by canal pilots.

Q—What is the longest Major League baseball game on record?  
A—The 26-inning 1-1 tie between

Boston and Brooklyn of the National League, played at Boston on May 1, 1920.

Q—Where did the phrase "playing both ends against the middle" originate?  
A—It's an old gambling phrase. Bettors who bet both ways were said to be "playing both ends against the middle."

### Slain by Intruder

POLICE in New York City are seeking the maniacal killer who bludgeoned pretty Selma Graff, 15, to death in the bedroom of her home in Brooklyn. The burglar escaped after beating and injuring the girl's brother, Donald, 9, who watched, terror-stricken, while his sister was savagely beaten. (International)

## \* WE, THE WOMEN

BY RUTH MILLETT

ONE reason why high school kids so often have the upper hand in dealing with their parents is that the kids are organized, the parents aren't.

Mr. and Mrs. Jones know that their daughter Mary, aged 16, shouldn't stay out until 1 or 2 in the morning simply because "the other kids don't have to be in by 12."

They know Jim, aged 17, shouldn't be roaring around at night in the family car, loaded with kids. But Jim insists that the other boys in his class "get to have the family car several nights a week."

### Honor Mrs. Rawsthorne

Mrs. James B. Rawsthorne, who will move in the near future to Philadelphia, was honored at a dinner party given by the mothers of members of Brownie troop 12, Wednesday evening in the social room of the Emmanuel Lutheran church.

Mrs. Rawsthorne was leader of this troop. In appreciation of her work, she was presented a beautiful brown leather traveling bag.

Mrs. Fred Blevins, commissioner of Salem Girl Scout council, was a guest.

Mrs. William Dinsio, who has been in the Alliance City hospital for surgical treatment, returned Tuesday to her home, R. D. 4, Alliance. Mrs. Dinsio's family resides in Salem.

Mrs. Edward Walters of Beloit is in the Central Clinic for treatment.

## DARING CANADIAN BANK HOLDUP STAGED

**TORONTO, April 24**—Three robbers escaped last night with loot worth \$250,000, after a daring robbery of a branch of the Royal Bank of Canada.  
Clad in blue overalls, they bound and gagged the caretaker, his wife, his daughter and a visitor, after breaking into his third floor apartment in the bank building.  
One robber was left there on guard. The others took keys from the caretaker, Duncan M. Stuart, entered the bank's safety deposit vault, and smashed open about 80 safety deposit boxes.  
Three hours after the robbers left the caretaker's wife managed to break her bonds and summon police.

## Pick Smart Husbands, Brides Are Advised

(By Associated Press)  
**CLEVELAND, April 24**—Here's a tip from a psychologist to all brides-to-be: If you want a happy marriage take a husband who is just as intelligent as you are—or smarter.

Because, says Mrs. Clara C. Polley of the Family Health association, it's a little tough on the husband when the wife knows more answers than he does.

"The wife can make up for her lack of superior mentality in sweetness," Mrs. Polley said in a marital success lecture last night.

Forming her conclusions from a study of 526 married couples, Mrs. Polley also had this advice:

Marriages have better chances of working out when the bride's mother is living, but aren't so promising when the bridegroom's mother is around.

When "only children" marry, prospects aren't too good.

Uncertain and variable income works against blissful wedded life.

Long acquaintances—one to five years—hold better prospects than "love at first sight."

Children of happily married couples have a good chance of making their own marriages work out.

A comforting thought: Mrs. Polley says these conclusions, after all, are only statistics and there are exceptions to all sets of circumstances.

## Drivers Should Develop Proper Self-Confidence

Are you a "timid soul" type of driver? Ask Albert P. Morris, manager of the Columbiana County Motor club.

If you are, you are a careful and cautious driver—over-careful and over-cautions. You not only stop for stop signs as you should—but you sit and scan the horizon for approaching cars while impatient motorists pile up behind you. You travel at a very slow speed at all times and this causes further pile-ups and traffic jams.

You have a good attitude. You know the dangers of careless driving. BUT, it is vitally necessary that you develop your driving skill and your self-confidence. Only then can you take your rightful place in the smooth flow of orderly vehicular traffic and things would be much better for everyone concerned.

Sure, it pays to be cautious. But to be over-cautions is to cause the under-cautions driver to take chances in order to pass you, and indirectly you may be the cause of an impending accident. TAKE IT EASY, but NOT TOO EASY!

What's in a name? Col. Joseph Adolphus Americus Vespuccius Leonidus Wolfaicanus Napatalicus Alexandricus Lucius Quintus Chinnatus Wolfson lives in Manila.

## COLUMBIANA PLAY PLANNED FRIDAY

COLUMBIANA, April 24.—Under the direction of Mrs. Jean Snow, supervisor of music in the Columbian schools, the senior class will present at 8 p. m. Friday in the high school auditorium the play, "Young April."

The play portrays the experiences of the McIntyres, presenting the two youngsters, Terry and George, and the young daughter who has her beauty in rapid succession. Throughout the play, mother and father are concerned about their children's problems. The cast includes:

Professor McIntyre, David Kurtz; Mrs. McIntyre, Marian Baker; George McIntyre, Jack Klepinger; Lulu, Doris Oesch; Vivian, Miriam Wilson; Elsie, Dorothy Faulk; Brian Stanley, Rich, Reinehr; Terry McIntyre, Jennie Childers; Bert Parsons, James Magill; Dutch, Thomas Cope; Pete, Richard Cunningham; Stewart, Miller, Earl Corey; Mrs. Miller, Ruth Keller; Mildred, Joan Haggerty; Jane, Sally Koch; Diana Gilmore, Janice Edgerton.

**Mothers To Meet**  
The Kindergarten Mothers club will meet Thursday evening in the kindergarten room of the high school building to finish making jackets and caps for the children's rhythm band, which will appear in the school band and orchestra concert, Friday evening, May 2.

**Prove Success**  
The first experimental installation of safety gates being provided by the American Legion for the regulation of traffic at busy intersections to protect school children, having proved satisfactory, the remaining gates will be put in place at once.

The trial installation was on E. Park ave., traversed by Route 14, at Elm st. Several other busy intersections will be protected in like manner.

Benjamin Firestone post of the Legion will meet next Monday evening.

Headed by Mrs. Cornelia Hyland of Columbiana, president of the Columbiana County W. C. T. U., about a dozen members of the Columbiana branch attended the district convention in Youngstown Wednesday.

# The Telephone Strike

## What IS It All About?

## Here Is What Happened

The Union made demands which would cost several times as much as the \$12.00 per week raise which they publicize. In all there are 55 different items to be bargained.

To confuse the bargaining and make the threatened strike almost a certainty, the union then divided the fifty-five items up into so-called "National" and "Local" issues. For example, the basic wage demand of \$12.00 per week is one of the so-called "National" demands—other wage demands costing much more than that are called "Local" demands.

Neither set of items could be settled with assurance that the other would not be carried over as a basis for the strike.

Neither set of items could be settled with any idea in mind as to what the other set might ultimately cost.

If the company were to accept a proposal to do national bargaining, the local items still would remain as a threat—and vice versa. On April 20, the Cleveland Plain Dealer reported a union spokesman as saying that "resumption of bargaining here at the very least could dispose of 37 items of purely local significance, without settlement of which the strike would not end here even if the agreement were reached in Washington on the ten issues of national scope."

Midway in the bargaining with the Ohio Federation of Telephone Workers, and two weeks before the strike started, negotiations were broken off by the union with a demand that an offer be made separately on the ten so-called "National" items.

As a matter of fact, the strike was threatened long before the demands of the union were made known to the company.

Such an attitude tends to make effective collective bargaining a virtual impossibility.

It appears that a strike for organization purposes was a deliberate plan of the union.

Perhaps it is not a mere coincidence that the present national telephone strike follows an attempt on the part of the National Federation of Telephone Workers, which is a federation, to form a national union with centralized power.

Perhaps, as an accompaniment to this, it is not a coincidence that among the most insistent of the "national" demands was union shop (compulsory membership in the union where failure to become a member or loss of membership requires the discharge of an employee) and payroll deduction of all dues.

Perhaps the union had more than wages in mind when it refused to extend the present liberal contract until a determination of wages could be made.

## The Company Position

The company always will be fair to its employees—they are fine people.

The company always will be fair to its customers who pay the rates that pay the wages. All of the union demands would amount, on the average, to more than \$2.00 per month per telephone.

The general impression is abroad that wages are the real issue in the present strike.

The company has been and still is willing to arbitrate the wages and put the people back to work now—and no strings are tied to that offer.

It is true that the company did not offer to arbitrate the Union Shop or the check-off of dues.

## The Strike Can Be Ended NOW

IF WAGES ARE THE REAL ISSUE all the union and the company have to do is to agree on, say, three impartial persons and abide by their decision as to what the wages should be in Ohio to meet Ohio conditions. Arbitration gives full opportunity to present both sides of the case. It is fair to everybody and the COST OF ARBITRATION IS TRIFLING compared to the hundreds of thousands of dollars of wages that are being lost to employees as the weeks go by in a needless strike—needless if wages are the real issue.

IF WAGES ARE THE REAL ISSUE there is everything to gain by accepting arbitration. Service could be resumed to the public. Work could go ahead and wages could be paid. Meantime, arbitration could be completed in thirty days and the wages settled in Ohio.

IF WAGES ARE THE REAL ISSUE it is a shame that so many fine people are being deprived of the income that they need and that tempers are subjected to the strain that they are.

## THE OHIO BELL TELEPHONE COMPANY

THE COMPANY SINCERELY APPRECIATES THE COOPERATION AND UNDERSTANDING OF ITS CUSTOMERS AND THOUSANDS OF FAVORABLE COMMENTS WHICH IT HAS RECEIVED. THE COMPANY WILL CONTINUE TO DO EVERYTHING POSSIBLE TO COMPLETE CALLS.

## Superintendent of Ohio Banks Named

COLUMBUS, April 24—Paul A. Mitchell, executive vice president of the Citizens Savings Bank and Trust Co. of Hamilton, was named Ohio banking superintendent today.  
Mitchell succeeds Henry Earl Cook of Bucyrus, who several weeks ago was named by President Truman to the board of the Federal Deposit Insurance Corp.

Announcement of the appointment was made by Gov. Thomas J. Herbert.  
Mitchell served 11 years as bank examiner from 1929 to 1940, the last three years as chief examiner.  
He resigned to become assistant cashier of the Hamilton bank.

The new state bank superintendent is 43, married, a World war II veteran with three years service.

The contract was awarded last summer on a bid of \$691,745.48 and about half of the excavation and drainage structure were completed last fall.

## OBITUARY

## WALTER B. STRATTON

Walter B. Stratton, 61, died of a heart ailment at his home in Winona. He had been ill for nine months.

A son of Joseph C. and Elizabeth Brantingham Stratton, he was born Nov. 17, 1885, near Winona, and had spent his life in that village.

Prior to his illness he was employed by the Electric Furnace Co. He was a member of the Winona Wilbur Society of Friends; Sandy Valley lodge, F. & A. M., of Hanover, and Guilford grange. He also was affiliated with the Columbiana County Agricultural society.

In 1910, he married Alta E. Cope, who survives with three daughters, Mrs. Reber Heacock and Mrs. F. L. Hall of Winona and Mrs. Morris Hoge of Whittier, Calif.; seven grandchildren and one sister, Mrs. Walter G. Edgerton of Winona. A son, William, died a year ago.

Funeral service will be held at 2 p. m. Saturday in the Wilbur Friends meetinghouse. Burial will be in the cemetery there.

Friends may call Friday evening at the Artaugh-Pearce funeral home.

## CHARLES ZELLER

Relatives have been advised of the death of Charles Zeller of Cleveland, which occurred at 12:20 p. m. Tuesday at his home.

Funeral service will be held at 2 p. m. Friday at the Mandley funeral home there.

Mrs. Zeller is the former Myra McCave of Salem.

## Chinese Communists Free Two U. S. Army Officers

NANKING, April 24—Two U. S. Army officers captured by Chinese Communists in Manchuria March 1 were released to an American field party in "good health" today.

The U. S. embassy said the two assistant military attaches, Major Robert Rigg, Chicago, and Capt. John W. Collins, Evanston, Ill., were released at 12:30 p. m. (11:32 p. m. EST, Wednesday) and reached Changchun five hours later.

Brig. Gen. Robert Soule, military attache who headed the field party, advised the embassy from Changchun that both men were in good health. No other details were given out.

A spokesman said Rigg and Collins, captured while observing a civil war battle near Changchun, probably would be flown to Nanking tomorrow to report to the embassy.

## Sinatra To Be Dropped From Network Broadcast

NEW YORK, April 24—The option in Frank Sinatra's contract with P. Lorillard & Co. will not be renewed after his June 4 broadcast over the Columbia Broadcasting system, Lennin & Mitchell, advertising representative for the tobacco company, announced late yesterday.

A summer replacement will take over in June, and a new feature will be presented at the Wednesday night hour in the autumn, the agency said.

The discontinuance, the agency said, was due to an "unsatisfactory program rating for the price we were paying for the show." The five-year contract was renewable each spring under a 39-week option clause.

## Ford Visits Youngstown

YOUNGSTOWN, April 24—Henry Ford II, new head of the Ford Industrial empire, visited Youngstown steel makers last night.

Ford came in to Youngstown municipal airport in his private plane, a Douglas DC-3, twin-engine craft. He had dinner with Frank Purnell and Walter E. Watson, president and executive vice president, respectively, of Youngstown Sheet & Tube Co., at Youngstown Country club. Later, he flew back to Detroit. The local steel makers did not comment on Ford's visit.

## Youngstown Council Appointment Upheld

YOUNGSTOWN, April 24—Democrat Anthony B. Flak today had Ohio Supreme court confirmation of his appointment to Youngstown's city council.

His legal victory at Columbus yesterday capped a maze of political and pseudo-legal shenanigans that began Jan. 1 when election of Democratic Councilman N. P. Bernard to the Ohio senate imperiled the Democrats' supremacy in council.

To block the GOP council from voting to break a tie between the three remaining Democrats and three Republicans in selection of Bernard's successor, the three Democrats disappeared for a month's vacation in Florida, preventing a quorum.

The city's Democratic mayor, empowered to fill the council vacancy if the solons did not do so within a month, named Flak, contending that an appointment of Joseph P. Collins by the Republicans was illegal because it was made with less than a quorum of council convened. Collins refused to surrender his post, and Flak appealed to the Supreme court.

The court opinion, rendered by Judge James G. Stewart, former Republican mayor of Cincinnati, asserted:

"The court did not condone nor approve of the conduct of the three councilmen who absconded from the discharge of their legal duties and left the state in order to gain partisan advantage."

## Dirigible Expert Plans Ohio Visit

(By Associated Press)

LANDSHUT, Germany, April 24.—Dr. Hugo Eckener, 72-year-old builder of airships, puffed contentedly on an American cigar today and looked forward to directing new aviation experiments in Ohio.

"I am going to the United States for three or four months with the next shipment of German scientists from Landshut," he said.  
"Whether I will stay longer depends on whether my wife, Johanna, who is 70, will be permitted to join me. We are too old to want to live separated."

The famous constructor of Zeppelins rejected any suggestion that there could be a military implication in his forthcoming work with technicians of the Goodyear Co.

"Who is interested in war is not interested in airships," he said. All the Nazi leaders were uninterested in airships, because they wanted to prepare for war, and for war they needed planes.

"I am convinced that airships are more practical than planes because of their comfort and vast space. A traveler in a plane is going to get very tired after 20 hours, yet in an airship he can travel three weeks without getting tired," the aged but vigorous designer remarked.

### Additional Costs Posted In Brown Murder Trial

LISBON, April 24. — Additional costs were listed today in the recent trial of Erwin Brown, 39, of London, who was convicted of murdering his wife, Beulah, and Brady Perry in East Liverpool last Dec. 14. Judge Joel H. Sharp today allowed witness fees of \$100 to Dr. R. E. Wilson of the Lima State hospital, who came here and testified in the case after a month's examination of the defendant, and a fee of \$50 to LeRoy Smith, ballistic expert of Columbus, who also testified in the trial.

The court also ordered hotel lodging and meals for jurors in the amount of approximately \$60 paid, which with jury fees of \$1,609 brings the costs of the trial to \$1,819, exclusive of counsel fees and expenses, and other witness fees not yet entered.

Brown is held in the Mahoning county jail awaiting a court ruling on a motion for a new trial, tentatively scheduled May 9.

## Farmer Is One-Man Peace Missionary

By NEA Service  
NORTH MANCHESTER, Ind.—Big, rugged Charles C. Rohrer believes in peace and believes just as strongly in doing all he can to make it possible.

So far this has included, since the end of the war, three trips to Europe for a first-hand look at conditions there and one trip to the Russian United Nations headquarters in New York where he heard the startled Russian Bear with a demand that the Russians disarm and cooperate with the UN.

In between times, Rohrer and his wife farm their 500 debt-free acres a few miles from here, and prosper. Rohrer sums his philosophy of life up with the Psalm: "Blessed is the man whose delight is in the law of the Lord.... whatsoever he doeth shall prosper."

Mrs. Rohrer nods her approval. It takes a prosperous farm to keep Rohrer's one-man peace mission going. He has visited the State Department in Washington several times, and testified before Congressional committees. He came home from Poland convinced that Russia wants security and is scared. He feels that the Balkans and Greece if she were convinced that the United States wouldn't start trouble there. He thinks Russia wants peace as much as he does and that the U. S. hasn't been too cooperative with her in that respect. He doesn't feel the veto issue is too important because if Russia resisted a peaceful settlement to any question before the UN the other nations would all line up against her.

While Rohrer is off lobbying for world peace, the full burden of the farm falls on his wife and the three hired men, among the highest paid farm hands in Indiana.

"If Charles can go out and do

good, I'm willing to keep the work going at home," Mrs. Rohrer says. "This old world has got in such bad shape that if somebody doesn't change things it will be the end of all of us."

And Rohrer looks over his farm, crops and herd of dairy cows: "It seems the more I spend trying to help others the more the money rolls in," he says.

#### Meet In Youngstown

The annual birthday membership tea of the Music Makers, Mrs. R. J. Barrow, sponsor, was given Tuesday at the Woman's club, Youngstown.

The Bevington Sisters, Marilyn and Carolyn, JoAnne and Marcia, and the Magill twins, Janice and Janet, furnished two piano quartet numbers and duo piano numbers. Mrs. Joseph Magill was a guest and Mrs. Barrow was musical co-chairman for the occasion.

King's Daughters class of Grace Evangelical and Reformed church will hold its April meeting at the church this evening. Hostesses are Mrs. Emma Fisher, Mrs. Effie Knapp and Mrs. Anna Haggerty.

Byron Snyder of W. Park ave. is in South Side hospital, Youngstown, where he underwent a tonsil operation.

## NOW SHE SHOPS "CASH AND CARRY"

Without Painful Backache

Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes show there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 40 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

From where I sit... by Joe Marsh

"As Homelike As a Barn"

Cy Hartman finally got his new barn painted, but plenty of folks had a hand in it. Whenever someone got a free day, or a little extra time, they'd come over and help out with paint and brush.

And Cy, to show his appreciation, held a big "barn warming" Saturday—for all the folks who'd helped him (but not barring those who couldn't). Ma Hartman supplied sandwiches, and Cy rolled out a mellow keg of beer.

You'd never think of a barn as "homelike." But with those lanterns

hanging from the rafters; makeshift tables spread heavy with food; and Ed Carey's fiddle playing while the folks enjoyed their beer—Cy's barn was sure a mighty hospitable-looking place!

From where I sit, it's just about as appropriate to have a barn warming as a housewarming... if only because it's another chance to get neighbors together in a spirit of good fellowship.

FALSE TEETH That Loosen Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their plate dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little FASTEETH, the alkaline (non-acid) powder, on your plates. Holds false teeth more firmly, so they feel more comfortable. Does not sour. Checks "plate odor" (denture breath). Get FASTEETH at any drug store.

## SAD NEWS DEPARTMENT

Coach Bob Miller of Quaker basketball ranks has received some welcome news recently.

One of the most promising members of the reserve squad this season and a star on the highly touted Freshman team of two seasons ago, Bobby Campbell, is withdrawing from Salem High next year in favor of a private school.

He is the son of Fred Campbell, who was a member and star of the first Salem team ever to play on the High school gym back in 1917.

Campbell was among the most promising men on the reserve squad and unquestionably would have been a member of the varsity next season.

## JUST FOR THE RECORD

### DEPT.

In this city, where Bill Veeck and the Cleveland Indians receive ardent backing, it may seem almost sacrilegious to plug the Pittsburgh Pirates, but they seem impossible to by-pass this year.

Pittsburgh scribes are screaming these days that Pirate town will run Brooklyn fandom a hot race this year if the current diamond madness continues at its present pace.

Not only are the fans completely hooked over the new Buc manager, Hank Greenberg and part-owner Bing Crosby, but they are literally busting the turnstiles at rejuvenated Forbes field with a tune that is mighty merry as far as the loot-counters are concerned.

In the opening series of three games, the fans totaled nearly 100,000 in a park that seats only 38,000 or thereabouts.

Sports writers in Pittsburgh—and Coach Honus Wagner, incidentally—are laying a great deal of the credit to Der Bingle, who was on hand at all three of the first frays.

Bing took over the announcing of the games one afternoon and carried through four or five innings with a line of chatter and top-notch reporting that swept the fans off their feet. He out-did the regular old timer, Rosy Rosewell, so effectively that there was a cry for more.

The Crosby lad, of course, was besieged with requests to sing on a baseball broadcast—and he did, a couple of the commercials.

Wagner says Bing has single-handedly jived up the players enough to account for their excellent (and leading) early pace.

Pittsburgh was picked by most of the experts to land about fifth in the National, but from the looks of it now no one took the time to tell the flaming Bucs.

## Wes Fesler's Blast At South Proves Boomerang to Buckeyes

By FRITZ HOWELL  
Ohio A. P. Sports Editor

COLUMBUS, April 24—The blast which Ohio State Grid Mentor Wes Fesler fired at Southern coaches and colleges a couple of weeks ago proved somewhat of a boomerang.

The new Buckeye football chief said agents from von side of the Mason-Dixon line try to lure the top talent away from Northern homes, that the Southern schools paid the players, and that there were some doubts whether the pigskinners had to do much studying to get passing grades.

Several Southern coaches and editors fired right back, but the payoff came when Ed Danforth of the Atlanta Journal printed in his column a letter he said was received by a Southeastern Conference coach.

The letter, "faithfully reproduced—even to the spelling," as Danforth put it, follows:

"Dear Coach—To be very truthful with you I am uncertain as to how to begin this letter.

"My name you probably see from the heading. I am now a student at Ohio State university. I have changed a little since you last contacted me, when I was still in High school, back in 1943. Since your

staff last contacted me, I have played halfback on the Ohio State team in 1944, with won the national championship, with you problem member. And I also played in the East-West game in Calif., in 1945.

"Well, coach this is really why I am writing this letter. I am interested in coming to your university, this of course if you are interested in my coming down there.

"Sense coming out of the army the cost of living here in Columbus Ohio has gone up quite a bit. I think you now what I mean.

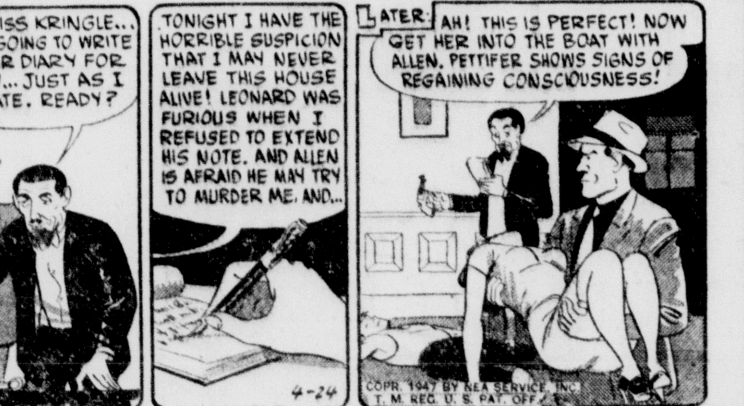

"I hope you will look into this matter as soon as possible and let me now, if you think we can get

## ST. LOUIS BROWNS BEATEN BY TRIBE AGAIN 10 TO 4

(By Associated Press)

CHICAGO, April 24—Still running a temperature from their sudden, feverish outburst of batting ability, the third-place Cleveland Indians today opened a two day stand against the White Sox.

The Indians zoomed up to a 600 percentage yesterday by cleaning up the two-game home series with the St. Louis Browns, 10 to 4.

Don Black was Cleveland's pitching choice for today, going for his second win of the season against Johnny Rigney, also gunning for No. 2.

Yesterday's soiree in Cleveland stadium produced 18 hits—no less—by the Indians, a remarkable feat considering the rumor that Cleveland batters haven't enough strength at the plate to knock the dew off a quart of gooseberries.

Manager Lou Boudreau and first Sacker Les Fleming accounted for two doubles and a single each, and Right Fielder Hal Peck smacked three singles, to lead the hit parade. Two more doubles came by way to Joe Gordon and Ken Keltner.

Red Embree, the right-hander, was the winning pitcher by virtue to eight innings of work. The Browns got eight hits off Embree, including a neat homer by Walt Judnich in the eighth, but St. Louis' three runs in the seventh were unearned.

The Indians collected 14 hits in the first six innings off a former teammate, Benny Galehouse, and added the others against Ellis Kinder in the seventh.

together on some kind of an arrangement."

Danforth said the letter was signed, but he did not use the youth's name in the column. The southern coach turned the player's offer down, the sports writer said.

Fesler, shown the letter, said he already knew about it. The Buck coach said the player, after learning the letter had reached the public prints, had voluntarily come to him to tell him the tale.

Fesler said the player thought a job obtained for him by the university did not pay enough, and he decided to "shop around" and see if he could do better.

"I told him to make up his mind pretty fast about what he was going to do," Fesler said. "But after reading that letter, if it was really faithfully reproduced, I don't see how I could miss university subjects and remain eligible."

In the meantime, Ohio is going through spring workouts minus its three top backs. Dean Sensenbaur broke a couple of ribs in Tuesday's practice, Jerry Krall is out of school with a knee operation, and Bob Brugge is having his tonsils removed.

WHILE NEW LABOR legislation remains one of the major issues before Congress, the pro-and-con battles on "restrictive" state laws have put organized labor on the defensive across the nation. Some 45 Legislatures are in session this year and practically all of them are considering strike and labor laws. Involved in the regulations are such matters as requiring unions to file financial statements; giving adequate strike notice and limiting political contributions. The above map indicates states in which the closed shop issue has figured and where various labor regulations have been adopted. (International)

### Judge Defers Decision In Potters' Job Flight

COLUMBUS, April 24—A federal judge weighed today the question whether war veterans were entitled to pay increases they might have received had they not been drafted from their jobs to fight the war.

With three similar cases coming up on next week's docket, Judge Mell G. Underwood took under advisement testimony given yesterday by five employees of the Universal Pottery, Inc., of Cambridge, O.

The five contended Selective Service laws guaranteed them better jobs because vacancies occurred while they were away.

The veterans — Harry Tschler, William Ramage, Darrell McCollum, Richard Boyer, and William Rowe — said that they were ordinary laborers when they were drafted.

While they were in service, they testified, apprentice-journeyman vacancies for which they would have been eligible occurred, all carrying five per cent wage increases each six months.

The company and the National Brotherhood of Operative Potters were co-defendants. The union held its contract required three years of active service before a worker could move up to apprentice-journeyman.

### 4-H Club News

#### 4-H Scouts

The 4-H Scouts and the Try Try Again club held their reorganization meeting at St. Jacob's Reformed church.

Emerson Hively was elected president, Gordon Weinstock, vice president; Dean Rose, secretary; Bernard Smith, treasurer; Bob MacAleese, reporter, Paul Peppel, recreation leader, and Paul Farmer devotion leader.

The next meeting will be held April 28.

Our word "book" comes from the old Anglo-Saxon word for the beech tree. Communications were written upon tablets of beech wood in ancient times.

All for a penny!

Look what Grandma got for a penny when she was a little girl — a trained dog act! Towser grips the coin in his iron jaws, leaps merrily through the clown's hoop, and deposits the little red cent neatly in the little red barrel.

Quite a show for a penny! But nothing to the show your present-day electrical penny puts on for you. That penny does a lot. It will:

Tell you the correct time for 4 days,  
or vacuum-clean 6 large room-size rugs,  
or bring you an evening's radio entertainment,  
or run your sewing machine for 8 hours,  
or wash 3 heaping tubfuls of clothes for you!

Grandma's gay little bank may be a collector's item today, but electricity puts on a bigger and better show as it takes more and more work out of your household.

It costs so little — and it does so much! Dollar values for penny prices — that's the record of the friendly folks in this company, under sound business management.
